

## Surely There is Something You Want or Need.

That could come from this store. It may be a Dress, Waist, Parasol, Fan, Silk, or Kid, or—but we couldn't go on enumerating the stock.

What's to hinder you coming and getting it?

The Probable Cost?  
Don't be too sure that the price you have fixed in your mind isn't higher than the one you will have to pay. Prices have had a tremendous scaling down of late.

One 6-Quart Tin Bucket, one 10-Quart Bucket, one 14-Quart Tin Bucket and one 14-Quart Bread Pan all for 45c.

## The Quaker Crimped Crust Bread Pan.

As the Crimps so shall thy Slicing be. It is with no small degree of pleasure that we present to the public this new device which makes itself felt immediately, for the reason that it strikes directly at the foundation of good living and household economy. Everybody knows that the first great requisite to good living is good bread, and it is therefore passing strange that for ages there has been practically no improvement in this most necessary, essential and indispensable article of diet. Not even the painful cries of the hopeless dyspeptic, agonizing under the baleful influence of the sodden underdone bread of the country, have been sufficient to start the inventive genius, man. The physician and the inventor of patent nostrums have seen their opportunity and have plied the stomach of man with worm-wood and gall in their efforts to repair the wrong produced by the consumptive of bad bread.

### RELIEF AT LAST!

Relief has come at last in the invention of the Quaker Crimped Crust Bread Pan. It is not a novelty, but a thoroughly reliable addition to the culinary department of the household. It has been thoroughly tested, and is now being used extensively by all classes and conditions of people. It has sprung into popular favor with a suddenness that but shows how great was the need for such an article. We wish at this time to point out a few of the advantages of the Quaker Crimped Crust over the ordinary bread pans now in use, and after so doing we shall leave it to the consideration of the individual.

### ADVANTAGES OF THE QUAKER CRIMPED CRUST PANS OVER ALL OTHERS.

Taken for granted your flour is good, that your yeast is fresh and potent, and that you have observed all the conditions necessary to the making of a good sponge—the great prime requisite in the baking of bread is an even application of the heat which shall produce a perfect coagulation of the albumen. The Quaker Crimped Crust has the advantage of being round, and receives the heat from all points at the same time. There can be no burning on the top while the bottom remains underdone and soggy, as in the old square pan so common in use.

### GREATER HEATING AND CRUST SURFACE.

The Quaker has more heating surface than any other pan. "It's in the crimp"—the many folds of which afford a large surface for the even distribution and application of the heat.

## FILIBUSTERS.

A Large Expedition Safely Lands  
on Cuban Soil.

Secretary of State of the Provisional Government the Leader.

Sixty-Eight Men, One of Whom is a Son of Gen. Crooks, U. S. A., Landed—A Large Amount of Ammunition Placed in the Hands of the Insurgents.

New York, June 4.—The Cuban Junta Wednesday received official information that another large filibustering expedition had landed safely in Cuba. Rafael Portuondo y Tamayo, secretary of state of the Cuban provisional government, was the leader of the expedition. It is generally believed that the expedition was landed by the steamer Three Friends, which left Florida about ten days ago.

The filibuster landed 68 men, one of whom is J. F. Crook, son of Maj. Gen. Crook, of the United States army, who went with the expedition as an artilleryman. Drs. J. Garcia Vieta and Eduardo C. Poey constituted the sanitary corps.

The following large cargo was landed by the vessel and taken into the interior by a force of insurgents, who met the expedition on its arrival.

Eight hundred and seventy-five Remington rifles, 50 Mauser rifles, 24 cases of Colt revolvers, seven cases of Smith & Wesson revolvers, two Hotchkiss rapid-fire guns, 240 cannon balls, 240 shells, 400,000 cartridges of 43 caliber, 50,000 Mauser cartridges, 1,000 machetes, 3,000 pounds of dynamite, 4,000 fuses, 1,000 caps for cartridges, two electric batteries, 1,000 feet of wire, sets of reloading tools and a telephone. Besides this supply of munitions, the expedition carried also large quantities of provisions, medicines and bandages, and a wire-tapping apparatus, which will be operated by Narciso Lopez, a telegrapher, who was a member of the expedition.

### WAR ON RAILROADS.

Travelers' Protective Association Wants Fare for All Passengers Fixed at Two Cents a Mile.

TERRE HAUTE, Ind., June 4.—The Travelers' Protective association Wednesday evening decided to make war on the railroads. The national convention, in secret session, adopted a resolution looking to an organized effort to secure legislation in the several states fixing fare for all passengers at two cents a mile. The officers of the convention declined to give the resolution to the press or in fact to tell anything that was said or done behind closed doors, but it is known that the action was definite in the direction stated. The earlier part of the day's session was occupied with hearing reports of committees to which had been referred the annual reports. The committee on constitution reported a number of amendments which will be acted on Thursday.

### CONDUITS AND SUBWAYS.

The Missouri Supreme Court Decides That Streets Can Not Be Used for Private Purposes.

JEFFERSON CITY, Mo., June 4.—A decision has been handed down by the supreme court, sitting en banc in the test case of the St. Louis Underground Service Co. against the street commissioners of that city, declaring all city ordinances granting corporations the right of way to lay conduits and subways for electric wires purposes, void, because the city holds the streets in trust and can not grant their use for private use. The decision is of importance in view of the proposed St. Louis subway system.

### Two-Mile Bicycle Record Broken.

LONDON, June 4.—The two-mile bicycle record was broken at Calcutta Wednesday by F. Pope, who covered the distance in 3 minutes 47.5 seconds.

### A Resolution.

A RESOLUTION TO IMPROVE PARTS OF THE FIRST, SECOND AND THIRD SEWER DISTRICTS IN THE CITY OF MARIETTA, OHIO.

Be it resolved by the City Council of the City of Marietta, Ohio, two-thirds of the members elected thereto concurring, That it is deemed necessary by said City, and this Council hereby declares that it is necessary to improve the following streets and portions of streets in the First, Second and Third Sewer Districts in the City of Marietta, Ohio, by constructing sewers and drains with their necessary appurtenances, including manholes, lampoles and flush-trunks and house-connections every forty-five feet from the main to the curb, in and along said streets in accordance with the plans, specifications and profiles relating to said improvement, on file in the office of the Civil Engineer of said City to-wit:

First District—Ohio Street, from Post Street to Fourth Street; Third Street, from Green Street to Ohio Street; Fourth Street, from Ohio Street to a point half way between Butler and Putnam Streets.  
Second District—Front Street, from Scammel Street, to Montgomery Street; Second Street, from Sacra Via Street to Montgomery Street; Third Street, from Washington Street to Montgomery Street; Fourth Street, from Warren Street to Montgomery Street; Fifth Street, from Warren Street to Montgomery Street; Sixth Street, from Front Street to Second Street; Washington Street, from Front Street to Second Street; Sacra Via Street, from Front Street to Third Street; Warren Street, from Third Street to Fifth Street; Montgomery Street, from Front Street to Fifth Street; Sixth Street, from Warren Street to Fifth Street; Tupper Street, from Front Street to Fifth Street; Warren Street, from Fifth Street to Sixth Street; Washington Street, from Fifth Street to Sixth Street; Wooster Street, from Fifth Street to Sixth Street.

Third District—Front Street, from Montgomery Street to Second Street; Second Street, from Montgomery Street to Marion Street; Third Street, from Montgomery Street to Marion Street; Fourth Street, from Montgomery Street to Marion Street; Fifth Street, from Montgomery Street to Marion Street; Second Street, from Marion Street to Front Street; Front Street, from Second Street to Fourth Street.

That the cost and expense of said improvement, less the cost and expense of so much of said improvement as may be included in the crossings and intersections of any streets and alleys, and less One-Fifth of the entire cost and expense thereof, shall be assessed per front foot on the lots and lands abutting thereon. Said assessment shall be payable in twenty semi-annual installments, and bonds shall be issued in anticipation of the collection thereof.

That the City Clerk is hereby directed to cause this resolution to be published for two consecutive weeks in some newspaper published and of general circulation in said City.

Passed June 2nd, 1896.  
S. J. HATHAWAY,  
President of City Council.  
CARL BECKER, City Clerk.  
June 5, 1896-21.

STOP! You have run up against a Good Thing.

## BattleAx PLUG

The best reason in the world why some things sell so well is because they are good. That is one reason for the great sales of "BATTLE AX."

But good quality is only half the story. The other half is the size of a 5 cent piece. It is as big almost as a 10 cent piece of other and poorer kinds.

Facts are facts. You can buy and see for yourself. Five cents isn't much to invest.

## C. C. C.

### Notice to Contractors.

**OFFICE OF THE CITY CLERK.**  
Marietta, Ohio, May 6, 1896.  
Notice is hereby given that sealed proposals will be received by the City Council of the City of Marietta, Ohio, at the office of the City Clerk of said City, until 12 o'clock noon (Central standard time) **JUNE 12TH, 1896.**  
For furnishing the necessary labor and materials for the improvement of Third Street in the City of Marietta, O., from the southerly line of Ohio Street to a point one hundred and eighty-five feet southerly of the southerly line of Butler street, and from a point four hundred and twenty-five feet southerly of the southerly line of Putnam Street to the southerly line of Marion Street, according to the plans and specifications thereon on file in the office of said City Clerk and the City Civil Engineer.  
Each bid must be accompanied by a certified check for \$500.00 payable to the City Clerk, as a guarantee that if the bid is accepted, a contract will be entered into and the performance of it properly secured.  
Bidders are required to use the printed forms which will be furnished on application.  
The Council reserves the right to direct what parts of said street shall be first paved and portions of said contract shall be first completed, also reserving the right to reject any and all bids.  
By order of City Council,  
MAY 7, 1896-41.  
CARL BECKER, City Clerk.
